WHAT THE COUNTRY WANTS,

AND HOW TO MAKE MONEY.

To you that know of the fortunes made by manufacturers of some of the recent inventions—the Sewing Machine or the Reaper and Mower, for instance—and would like to emulate their success, we offer to sell you a moderate license for the same, which is protected by several Letters Patent. The Stock, Machinery and good will to be sold, and the buildings rented, or the whole will be sold, as may be desired. About one thousand dollars in cash will be wanted to buy the stock, machinery and good will, and for working up the business, an unusually rare opportunity can be advantageously shown at the present time. Parties having a desire to enter into such an enterprise, please address "Manufacturer," office of this paper.
